4. Plagiarism and AI Similarity Checks

As per the instructions of VTU and the Dean Academics, every project report must undergo a plagiarism check using the **Drill Bit software** available at the Institute Library.

- **Plagiarism similarity index:** 15% or lower, preferably within the 10–15% range.

- Proper citations and references must be provided for all sources used.

Both the **plagiarism report and AI similarity report** must be submitted along with the project report, as instructed.
